

Assignment: Basic Camera Use - Formatting Your Assignment

Step 1 - Using the Adobe Bridge Program (ESSENTIALS module), organize and copy your images into a new folder on the desktop called 'LastName_BCU'. Use the RAW version of the image

Step 2 - Rename your image files as indicated below (01-07). Keep the original file extension at the end of the file name (.nef, or .cr2, etc...).

01_NormalExposure

02_UnderExposure

03_OverExposure

04_MinAperture

05_MaxAperture

06_UFO

07_FrozenMidair

Step 3 - File-Share the Folder to the class dropbox.
