

Assignment: The Chair – Part I, Formatting

There are 2 parts to formatting your Chair, Part I assignment. The first part is to copy & resize your images in a new folder and the second part is to use the ratings system in Adobe Bridge CC to organize your files into 4 groups [selected (5 stars), review (3 stars), others (no stars), rejected].

Copy & Resize Your Images

- Using the Adobe Bridge Program (essentials module), navigate to your Chair images and select all 24. Use the RAW version of the image.

- With your images selected, go to the Tools Menu and Select Image Processor from the Photoshop sub-menu (Tools→Photoshop→Image Processor).

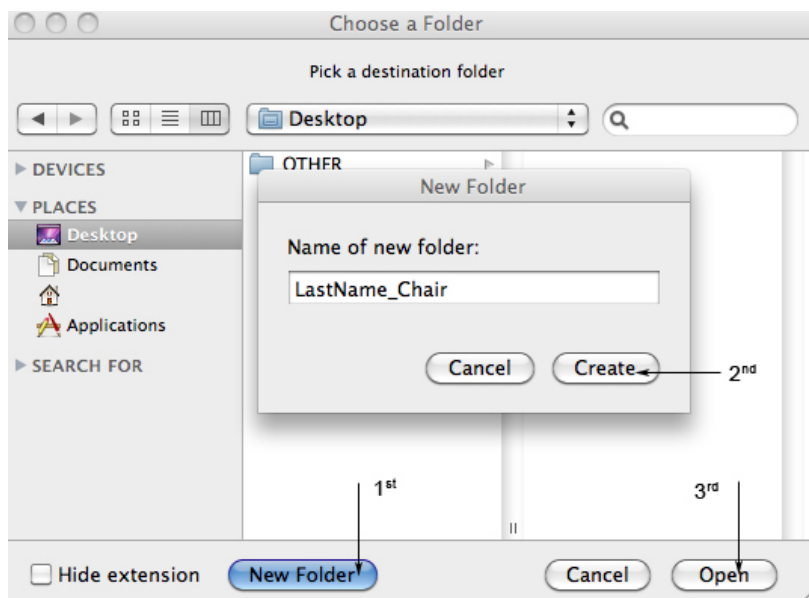

- From the Image Processor Dialog Box, Select a location to save your processed images.

- Create a new folder on your Desktop called "LastName_Chair"

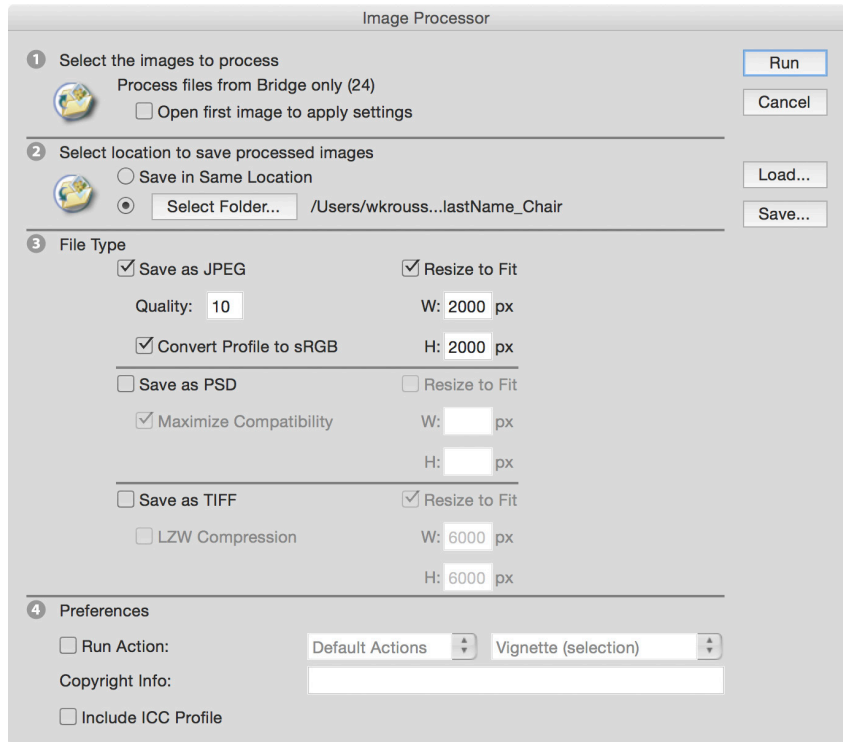

(Select the Desktop, then Click "New Folder", type "LastName_Chair" in the Dialog box, click "Create", then Click "Open")

- Adjust the options in Sections 3 & 4 to match the screen shot. →

(JPEG, Quality 10, sRGB profile, resize to fit 2000 px for W&H, & Convert Profile to sRGB)

- Click “Run” when finished to create your folder of re-sized Chair images

Rating Your Images

Navigate to your folder of re-sized images in the Adobe Bridge Program (essentials module)

- Using the Label menu – Attach the following ratings to your images.

(Select an image, then go to the Label menu)

5 Stars – Your favorite Chair image

3 Stars – 6-10 of your best images

Reject – Up to 3 images can be selected as rejects

- Use the Filter options (right hand edge of window) to see what happens when you filter by different ratings.

File-Share the complete Chair folder to the class dropbox.
